I always wondered why ~~I~~ I am shy. I think shyness is a "stage" everyone goes ~~through~~ through once in a while, but for ~~the~~ me it doesn't happen once in a while. It happens all the time for me. Maybe ~~the~~ shyness will go away as soon as I get older. But may be it ~~wouldn't~~. Almost everyday I pray to ~~G~~ God to take my shyness away, but he doesn't, maybe it's a mission I have to do, because it is a part ~~of~~ of my life.
