

On November 22nd 2001
late afternoon (4:00 PM to be
exact). My friends and family
came over.

It was Thanksgiving!

We all ways have Thanksgiving
at my house. my dad's the best
cook in our family.

We invite all of our relatives (My
mom and dad believe that nobody should
be alone for Thanksgiving, so we
invite friends).

I was at the house when
they all came. It was like a
flock of birds but instead of birds
people.

We ate for hours. The kids
watched a movie.

When the movie
ended it was so late, so late they
had to go home. That was the
end of my Thanksgiving.
