

1/ As my sister grows our relationship
2/ will shrink I cant really imagine how it
3/ could ~~be~~ without my sister. Write now
4/ I ~~cant~~ block it out in my life, but I
5/ cant really block it out of my head.
6/ As she grows I will have to figure
7/ out how we can still be together
8/ ~~Not with out~~. I will always remember
our quiet, small, nothing talks we would
have at night or all the make
believe games we would play or
maybe those small fights we would
have for who gets the best spot
to watch television. And maybe
that will feel like she is with me.
When she goes off to colleg I wont be
able to say Eliza can I borrow your
pen or Eliza can I borrow your brush.
She probably wont miss it but I will.
