Sentence Patterns

Type	Features	Example
Reversal	State idea negatively and then positively	The trouble is not with the facts; the trouble is that clear inferences have not been drawn from the facts.
Command	Use imperative voice at the beginning of a sentence to attract attention	Never mind that the teacher gave him a pass; he was still suspended for skipping class.
Repeating	Repeat words for emphasis	I scream for ice cream, you scream for ice cream, we all scream for ice cream.
