Bulldogs on the wall

Poem
"Can't even whisper"

Follow your class
Look straight ahead

---

Walking in the hall is sort of easy, but some people can't help themselves. Because some people yak yak, yak, yak all the time. But most people can.
In this is what you keep. And we do you whisper and look ahead.

And follow the line at all times. We also walk in the hall. Because if you run...
you will get in so much trouble.

Or you will just hurt someone.

or you will trip. Walking in
the hall is important. And that
is how we walk in the hall.
