Now that you have completed your novel, write one of each of the following questions based on the whole novel, not just the part you read last night.

Evaluation: ____________________________________________
_____________________________________________________

Compare/Contrast: ______________________________________
_____________________________________________________

Cause/Effect: __________________________________________
_____________________________________________________

Idea to Example: ________________________________________
_____________________________________________________

Theme is the central thought or underlying message that meaningfully ties the plot, setting, and characters together. There can be more than one theme or underlying author’s message in a novel. Based on the novel you have just read, what would you say is/are the major theme(s)? Explain your choice(s) by citing examples from your novel.
