New Improved Intergalactic Communication Device!

Because teaching is not a monologue. It’s a dialogue.

New, more flexible EAR TUBES help you listen and hear! Helps you make long-standing changes to your practice based on what you HEAR.

New, improved HEART COMPASS helps you find true north by identifying what children are saying and focusing on THEIR feelings, abilities, talents, and experiences.

Biologically advanced EYEPiece helps you understand messages on their own merits. Helps remove cloudy filters created by implicit biases, unhealthy mind-sets, or unfounded expectations. Also helps you clarify your vision to plan better responses.

New, more flexible channels promote CONTINUAL understanding.
