what
deep understanding
really looks like

Reading education pioneer Ellin Oliver Keene demystifies comprehension instruction by describing what it can look like when readers comprehend and what it can look like when teachers aim for this deep comprehension.

Includes three From the Inside chapters that focus on one reading lesson in-depth and are accompanied by classroom video footage of Ellin modeling that lesson.

Watch Ellin use the language and teaching moves that help students go beyond superficial reading comprehension to lasting understanding.

ELLIN OLIVER KEENE
is author or coauthor of Comprehension Going Forward (2011), To Understand (2008), and Mosaic of Thought, 2nd Ed (2007) from Heinemann and Assessing Comprehension Thinking Strategies (2006) from Shell. Ellin has been a classroom teacher, staff developer, and adjunct professor of reading and writing. She is also a Heinemann Professional Development provider.
